

# English Speaking Board

An awarding body dedicated to promoting and encouraging all aspects of oral communication in English

## What is ESB?

---

Since 1953, the **English Speaking Board (ESB)** has provided opportunities for all learners, whatever their age, ability or background, to practise and improve their speaking and listening skills. **ESB** acknowledges the individual differences which enrich the English language but believes that clarity and effectiveness of communication are essential.

## International recognition

**ESB** has grown into an international organisation which assesses extensively in Great Britain, in European countries such as Italy and Spain, and throughout the Far East.

### Mission:

*"The English Speaking Board's mission is to **promote clear, effective oral communication at all levels** by providing **high quality assessments, training and services in the UK and overseas**, recognising and encouraging the potential of all."*
